## Part A: Pupil premium strategy plan

### Statement of intent

- At Bankfields Primary School, we have high aspirations and ambitions for our children and we believe that all learners should be able to reach their full potential.
- We strongly believe that reaching your potential is not about where you come from, but instead, about developing the necessary skills and values required to succeed.
- Our ultimate goal is to remove the barriers that our disadvantaged pupils face so that they are able to achieve success in all areas of learning and to support and develop their emotional and physical well-being. We strive to ensure that all of our children receive Quality First Teaching through a rich and varied curriculum, supported by a range of experiences. This is to ensure that our disadvantaged pupils have access to the same opportunities as non-disadvantaged pupils and make excellent progress. We ensure that teaching and learning opportunities meet the needs of all pupils.
- Our Pupil Premium Strategy identifies the specific barriers that our disadvantaged pupils experience at Bankfields Primary School and addresses them through specific and measurable actions to ensure that all children reach their full potential. Funding is allocated carefully to have the maximum impact on our pupils and this is monitored and reviewed carefully throughout the year. Our spending strategy is informed by research such as that in the Education Endowment Foundation Toolkit.
- In making provision for socially disadvantaged pupils, we recognise that not all pupils who receive free school meals are socially disadvantaged. We also recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals. We reserve the right to allocate the pupil premium funding to support any pupil or groups of pupils who have been identified as being socially disadvantaged and at risk of underachievement.

### Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Lack of parental support.
2	Social and emotional barriers to learning.

3	Low aspirations (children and families).
4	Fine motor skills barriers.
5	Poor auditory memory and retention skills.
6	Complex home-lives
7	Limited or no experience of the world beyond their local environment.
8	Not being 'school ready' – e.g. not had breakfast, too tired to concentrate, does not have the correct equipment or uniform etc.
9	Lack of resilience when things get a little more challenging, especially with learning

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
To maintain a high level of staffing to ensure smaller class sizes and a higher staff:pupil ratio. This will result in improved outcomes for our disadvantaged pupils.	Disadvantaged pupil progress will be at least good in each year group and any gap between disadvantaged and non-disadvantaged pupils will be reduced. The attainment of pupil premium eligible children will be increased.
To continue to evaluate and improve the quality of teaching and learning across school to improve outcomes for our disadvantaged pupils. This will include monitoring and support from the SRAT School Improvement Team.	The quality of teaching and learning across school will continue to be evaluated and improved based on the most recent educational research to support our disadvantaged children and improve their outcomes.
To increase leadership capacity across the school with the development of a middle leadership team, and to provide leaders with sufficient time to fulfil their role.	Leadership capacity will be increased and middle leaders will develop their subject areas in order to improve pupil outcomes.
To enable an increased number of our KS2 disadvantaged children to experience a residential visit.	A higher proportion of disadvantaged pupils will attend Robinwood residential to broaden their life experiences.
To continue support the increasing mental health and well-being needs of our disadvantaged pupils.	Our disadvantaged pupils will have regular access to Thrive, Theraplay, counselling to support their mental health and well-being. In addition, staff will access the support of other agencies and professionals to support our children and their families.
Out of hours provision will be available and accessible to our vulnerable pupils when it is needed.	An increased proportion of our low-income families will access out-of-hours provision for their children when it is needed.
To improve outcomes in reading, writing and maths for our disadvantaged children.	The proportion of our disadvantaged pupils achieving the expected standard or greater depth in RWM will increase.

Educational visits will be available to all pupils which will broaden their experiences, inspire our pupils and stimulate their curiosity for learning.	Progress will be measured through the curriculum outcomes for our children, discussions with them and through feedback from staff.
All pupils will be offered toast and fruit in school each day to ensure that they all have access to a healthy breakfast, are not hungry and can maintain concentration.	Feedback from the children and staff as well as observations of pupil concentration and learning behaviour.

## Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

## Teaching (for example, CPD, recruitment and retention)

To develop our Innovation Dome to improve the learning environment and further the opportunities and experiences we can offer our pupils.	<ul style="list-style-type: none"> <li>Raising aspirations is a key role of our school, particularly in a context of high levels of deprivation and unemployment.</li> <li>Providing a space to focus on STEM and practical projects will motivate and inspire our pupils.</li> </ul>	3, 6, 7	£2500
To improve both the internal and external environment. This is to create a warm, welcoming and purposeful learning environment which will improve teaching and learning across school and subsequently pupil outcomes.	<ul style="list-style-type: none"> <li>An improved learning environment will ensure that our children have a warm, calm, purposeful and welcoming space in which to learn each day and that they want to come to.</li> <li>This will support us in raising their aspirations and building pride in their school.</li> <li>Having a purposeful space (such as sensory areas) will provide our children with social, emotional and sensory barriers a place which meets their needs and helps them to feel ready for learning.</li> </ul>	2, 3, 6, 8,9	£10,000
To train four members of staff to be Mental Health First Aiders to support pupils and parents in times of crisis and	<ul style="list-style-type: none"> <li>Social and emotional learning – EEF + 4 months.</li> </ul>	1, 5, 6, 8	£0

when they are struggling with their mental health.			
To support our families who are struggling to provide school uniform for their children by maintaining a stock of clean, fresh uniform in school.	<ul style="list-style-type: none"> <li>Limited EEF research around this, but we have witnessed the positive impact that this has on our pupils and their parents when we are able to offer free, warm school uniform. This particularly benefits our pupils in the colder months.</li> </ul>	6, 8	£300

**Total budgeted cost: £ 175,280**

## Part B: Review of outcomes in the previous academic year

### Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2021 2022 academic year.

Our data analysis shows the following:

- In EYFS, 63.6% of our disadvantaged pupils achieved GLD compared to 61.9% of our non-disadvantaged pupils. Despite their lower starting points, this demonstrates the positive impact that our pupil premium interventions and strategy have had on these pupils.
- In KS1:
  - 46% of our disadvantaged pupils were working at the expected standard or above in reading.
  - 46% of our disadvantaged pupils were working at the expected standard or above in writing.
  - 54% of our disadvantaged pupils were working at the expected standard or above in maths.

In the next academic year, our focus will be on implementing strategies and support to ensure a higher proportion of the disadvantaged pupils in this cohort achieve ARE.

- In KS2:
  - 74% of disadvantaged children were working at the expected standard or above in reading.
  - 79% of disadvantaged children were working at the expected standard or above in writing.
  - 84% of disadvantaged children were working at the expected standard or above in maths.
